Key Features: **ACCU-SEND** BALL DELIVERY SYSTEM - Patented system ensures players receive a full ballset every time, no balls are left stuck in the table. Totally plywood cabinet, aluminium extruded top frame for greater durability and consistency of play.

Europe's biggest selling pool table. **PRO Active** cushions. Wider player profile than English pool - Experienced players, novices and non pool players, family players, male and female.

Main Applications: Casual pool sites, High St bars, modern pubs, night clubs, FECs, Bowls, sports & leisure clubs.

Options: **TRIBAND** battery powered variable pricing gives the opportunity to automatically increase POP to boost revenue at peak times, or to lower POP to encourage footfall during slack periods. 50p extra per game on Friday & Saturday nights can boost income by £1000+ a year. Also available in mains version. Canopy packs, chrome security bar and Palam trolleys available.

Available Finishes: Allegro (black marble), silver aluminium, maple, mahogany, oak, walnut, black ash, custom finishes for every location on application.
